

Return Policy:

Plants are NOT GUARANTEED as we have no control over what happens to them after they leave here.

Due to the amount of abuse of our previous exchange policy we have had to make the following changes.

Plants must be returned within 2 days of purchase and you must have the receipt. Plants must not have been taken out of the pot. Plants must not be dried out, fried from being left in your trunk, broken etc. or something you have dug up out of the ground.
